

Peaceful Dreams

F#(1) G(2) F#(3) E(4)
Little child - where'd you learn to run so fast?
F#(1) G(2) E(4) F#(5)
Are you running from them? What did they do to make you scared?
F#(1) G(2) F#(3) E(4)
Little child - do the stones not make you bleed?
F#(1) G(2) E(4) F#(5)
Are you running for home or from home or to anywhere?

F#(1) G(2) E(4) F#(5)
I wish I could tell you it's going to be ok
F#(1) G(2) E(4) F#(5)
I wish I could tell you it's not quite what it seems
F#(1) G(2) E(4) F#(5)
But I can't handle that lie - 'cause this nightmare's far too real
F#(1) G(2) E(4) F#(5)
So tonight, wherever it is you sleep, may you have peaceful dreams

Little child - where did you get that gun?
And that look on your face - so hurt, so terrified
Little child - there's blood stained on your hands
And that look on your face- so grown up - but there's a child in your eyes

I wish I could tell you....

F#(1)
Who has done this to you?
G(2) E(4)
Where'd he go? Did he leave you here?
F#(5) F#(1)
You say you can't find your family - that they've all disappeared
You've been trained into dry eyes - no tears from a stone
Now the battle is over and you've been left alone
they say help's on the way - could it be for you?
After all that you've seen and what you've been made to do
And there's talk about hope - what is hope anymore?
And there's talk about love - what you've been longing for

My child - it's going to be ok
My child - love is on its way
But it's going to take time - cause this nightmare's far too real
And so tonight, wherever it is you sleep, may you have peaceful dreams
