

## You Love Me Anyway –(capo 3)

(May, 1999)

C            Am    G  
I know I've not done what you've asked of me  
C            Am    G  
The place I lean is not where I should be leaning  
          Am    F    G  
And I fall away again  
          Am    F    C            Am F G  
But you love me anyway

          C    Am    G  
I'll never earn the name of child you give  
          C    Am    G  
But like a child is how you're asking me to live  
          Am    F    G  
And I fail you every day  
          Am    F    G            Am F G Am F G G  
But you love me anyway

C            Am    G  
You know my words before I breathe them out  
          C            Am    G  
My thoughts, my heart, there's nothing you don't know about  
          Am F            G  
Yet so faithfully you stay  
          Am    F            C Am G C  
And you love me anyway
