

Your Flame Tonight

F# *B2*
Hold me in Your arms tonight
F# *B2* *C#*
Take me 'cause I'm shaking with cold and fright
D
And You know my fire's dying
E
But You say it will be all right
D
And You say we can face tomorrow
E *F#*
But Lord I need your flame tonight

F# *B2*
Mold me on Your potter's wheel
F# *B2* *C#*
Shape me, and then heat me to make me real
D
And I know I'm always changing
E
I'm just trying to get it right
D
I was removed from the heat too early
E *F#*
I know I need Your flame tonight

D *E* *F#*
I need to be touched by the fire that cleared Elijah's name
D *E* *F#*
I need to be touched by the fire that left the bush the same
D *E* *F#*
I need to be touched by the fire that led us through the night
D *E* *F#*
I need to be touched by the fire of Your love tonight
